4. From DCI to four ORR employees, 5 March 1960, transmitting the thanks of the Chairman of the Senate Subcommittee on National Policy Machinery for the papers prepared by CIA for this Subcommittee. Unclassified versions of these papers on policy-making machinery in the USSR and in Communist China, had been released to the public under the aegis of the Subcommittee Staff and had received extremely favorable comment in the academic world and in the press. The DCI expressed his thanks for an outstanding job and added that this project attained the highest standard of professional performance and brought credit upon CIA.

7. From Deputy Commander, Aerospace Technical Intelligence Center, USAF, Wright-Patterson AFB, Ohio, to DCI, 19 May 1960, commenting on the invaluable assistance rendered by an ORR employee to the Petroleum Technical Intelligence Working Group. His specifications for the new Soviet T-5 jet fuel was critically needed by the Center and has since proved most useful in several intelligence problems. He expressed appreciation for the alert awareness demonstrated by this individual to the intelligence requirements of this Center and was pleased that his staff could rely upon the conscientious support of specialists such as this employee.

**SECRET**

11. From Director of Naval Intelligence, to DCI, 1 November 1960, commenting on the fine presentation of an ORR employee in his briefing to the Chief of Naval Operations and his Deputies and Assistants. He stated that this employee's thorough knowledge of the subject and his skill in organization and presentation contributed much to their understanding of Antarctic problems. (Unclassified).

25X1

14. From Commander, Detachment No. 1, Aeronautical Chart and Information Center, USAF, to Chief, Map Library, 7 March 1960, conveying thanks for the services and assistance rendered to them by the Map Library in the past three years. He stated that maps and other materials received from the Library contributed to the successful accomplishment of their mission. (Unclassified).
15. Numerous letters of commendation have been received from the academic community expressing praise for the ORR atlas, "China: Provisional Atlas of Communist Administrative Units". Typical comments were, "swell job from both a reference and cartographic standpoint"; "it meets not only the high technical standard prescribed for intelligence work, but also those required for scholarly purposes"; "a first rate research atlas"; "it will be of inestimable aid to those of our faculty and research community specializing in contemporary mainland China to whom knowledge of the extremely complicated and ever-changing administrative framework of the People's Republic of China is necessary or desirable"; "the Atlas will be of great help to us in terms of both teaching and research". (Unclassified).
16. Letters of appreciation were received from the Command and Staff College, Air University, USAF; the US Naval Intelligence School; the US Army War College; and Headquarters NORAD, for the excellent support given them by ORR officers in the preparation of courses in Soviet economics and the presentation of lectures on subjects of interest to these groups. (Unclassified).
